

EXCITING VIRTUAL CASINO GAMES WITH LIVE DEALERS!

TeamUnity is now offering Virtual Casino Games with live dealers! Guests can join a Blackjack, Roulette, Craps, Poker or Money Wheel tables remotely and engage together while interacting with a live dealer! Each player is given the same amount of starting chips to begin. They start to play at the table of their choice and can move from one table to the other to try different games during the event. At the end, we can total up the chip count for each person to determine your winners.

PLANNING A TOURNAMENT?

TeamUnity is able to recreate the poker experience for remote guests so they can play from home, office or anywhere they would like! We work with you to design individual poker table games or set-up a Texas Hold'em tournament structure.

OUR VIRTUAL TEAM ACTIVITY IS AN AWESOME WAY TO ENGAGE, CREATE COMPETITION, COLLABORATION AND KEEP YOUR COMPANY CULTURE INTACT!
