HOW CAN YOU KEEP THE VALUE OF YOUR PICNIC IN THIS VIRTUAL WORLD?

Sure, we're stuck with social distancing and self-quarantining. That doesn't mean we have to cease all seasonal functions! Now more than ever is the time to **CONNECT WITH YOUR TEAM**.

TeamUnity has created 20 to 45-minute activities designed to spice-up a typical virtual get together with one important purpose - Keeping your teams connected & putting smiles on their faces even if they aren't together. TeamUnity has been in the company picnic industry for more than 40-YEARS - **we know how to engage, excite and energize your employees (and their families)**. Check out our virtual game shows, music bingo, & escape room, as well as entertainment such as campfire sing-a longs, dueling pianos, tik tok choreographer and professional mentalists.
