SOCIALLY DISTANCED COMPANY PICNIC?

YES, WE CAN!

TEAMUNITY HAS GOT YOU COVERED

Sure, we're stuck with social distancing and self-quarantining. That doesn't mean we have to cease all OUTDOOR seasonal functions!

We all have cabin fever. This season, more than ever, employee events are crucial to our workforce feeling supported, valued, and remaining **CONNECTED WITH THEIR TEAM.**

Our professional team has worked hard to implement enhanced protocols to ensure guest safety at every company picnic we produce. Let us bring your team back together this summer for some serious fun! Your team will engage in socially distanced activities ideal for the outdoors.

TeamUnity has been in the company picnic industry for more than **40-YEARS** - let us **SAFELY** engage, excite, and energize your employees (and their families).
