

SO, YOU THINK YOU CAN DRAW?

Our **45-minute virtual drawing game** is TeamUnity's version of the popular game **Pictionary**, reimagined for remote teams. Using Zoom's annotation tools (no pen or paper needed), participants draw or act out words and phrases while teammates race to guess the clues. High-energy,

creative, and fun, this interactive experience boosts communication, collaboration, and friendly competition, perfect for breaking up meeting-heavy days and energizing your team.
